Working Globally but with Regional Presence

Building Policies for a Better World

Transforming

Policies and markets

GBPN

Global Center

GBPN / Shakti

Harvesting best practices policies in building energy efficiency and performance.

Conducting cross-cutting research and analysis

Connecting regional institutions, and share the best thinking building energy and GHG policy.

Communicating progress toward achieving the GHG abatement potential of the building sector

GBPN China

Advancing policies and programs that promote low carbon, energy & efficient buildings.

IMT

Offering world class energy efficiency expertise to policy makers and business leaders

BPIE

Large Risks at Stake Need for Fast Action

Limiting climate change to 2 degrees

Buildings account for more 1/3 of emission

Background

*“On-going research to Up
Scale Deep Renovation –
The GBPN’s Existing
Building Milestone”*

- Report - “What is a deep renovation”?
- Developed - set of state of the art criteria for an energy renovation policy package
- Interactive online renovation policy package comparison tool
- Webinar series on “how to” implement a successful policy package
- Paper- practical implementation and development guidelines
- Case Study - deep dive into jurisdictions

Rationale for Webinar Series

“How to” develop best practice building energy renovation policiy packages?

Webinar series sets out to explain:

- How have countries practically implemented such best practices?
- What challenges and opportunities have been faced?
- What are the key lessons learned?
- Key drivers and success factors for going deep?
- How can these best practices be transferred?

Webinar Series

- Webinar 1: How can we realise a reduction in energy consumption in the building sector using best practice policy mechanisms?
- Webinar 2: Are energy saving targets and regulatory measures essential elements in a renovation policy package?
- Webinar 3: Do labelling and certification schemes lead to greater energy reduction in the existing building stock?
- Webinar 4: How can we finance energy renovations. Insight from best practice jurisdictions on Incentives and Drivers.

Thank you!
